[^] For policies under the above three signature product series that took effect between 2015 and 2024, the fulfillment ratio for annual dividends / reversionary bonuses and terminal dividends / bonuses reached 100% or above for each policy year. Please refer to the CTF Life website for the latest fulfillment ratio of the above-mentioned or other products. Please be reminded that the annual dividends, reversionary bonuses, terminal dividends/bonuses and policy value history is not an indicator of future performance of our participating products.
